V. TOURNAMENT ASSIGNMENTS AND SEEDING MEETINGS

A. Sectional Assignment: All entered teams will be assigned to Sectional complexes on a geographic basis.

B. Seeding and Pairings
 1) Class A and AA Sectional Complexes:

a) For Sectional complexes of up to 24 teams, the teams in the Sectional complex will be seeded according to the manner hereinafter provided. For each Sectional complex, the four highest seeded teams will be separated to the four quarters of the bracket. After the four highest seeded teams have been separated, the next four highest seeded teams will be assigned to different quarters of the bracket, with geography being the considering factor in the assignment. However, no more than two of these eight highest seeded teams will be placed in the same Regional bracket regardless of their geography. The remaining teams in a Sectional complex will then be assigned to a Regional tournament based on their geography. Each Regional tournament will then be paired according to the seeds of the teams in that Regional.

b) If any Sectional complex in a state tournament has 25 or more teams, then all the Sectionals in that sport will be split into two Sub-Sectionals. Each Sub-Sectional, which will represent two Regionals, will host its own seeding meeting. In a Sub-Sectional, the two highest seeded teams will be separated into the two different Regionals. The next two highest seeded teams will then be split into different Regionals, with geography again being the primary factor used in the assignment.

Note: In Sectionals where excess travel may be a factor, Sub-Sectionals may be developed even though there are fewer than 24 schools in the sectional complex.

c) In the event that all Sectional complexes in a state tournament have 15 or fewer teams, then only the four highest seeded teams will be separated into the four quarters of the bracket. All other assignments will be made based on geography.

d) For Class A, the local manager is required to call a meeting of representatives of the schools assigned to his/her tournament for the purpose of seeding the participating teams. This meeting shall begin between 5:00 p.m. and 8:00 p.m. on **Wednesday, September 21**. Seeds shall be determined by the school representatives present at the meeting.

e) For Class AA, the local manager is required to call a meeting of representatives of the schools assigned to his/her tournament for the purpose of seeding the participating teams. This meeting shall begin between 5:00 p.m. and 8:00 p.m. on **Wednesday, September 21**. Seeds shall be determined by the school representatives present at the meeting.

f) It is the responsibility of each competing school entered in the state series to complete the downloadable **IHSA Season Summary Sheet** prior to its seed meeting. The school must fax their form to their seed meeting host no later than 10 a.m. on the **Monday** prior to the seed meeting. Non-Compliance may result in IHSA review and possible sanctions imposed upon the school. Please see the Boys Soccer Host and Attendees Seeding Information form for more information.

g) If a regular season game or a regular season tournament game ends in a tie and overtime and penalty kicks/shootout are **not** used to determine a winner then the game is recorded as a tie. If a regular season game or a regular season tournament game ends in overtime and penalty kicks/shootout are used to break the tie, then a win or loss will be attributed to the competing teams records.

2) By Friday, September 23, the pairings for the Class A and Class AA State Tournament will be posted on the IHSA web site.

3) Pairings for the first-round games of the State Final Tournament(s) will be made by chance drawings.

4) Following the seeding meeting, the sectional manager will fax to the IHSA a list of all the seeded team and the Complex Seeding Worksheet. Subsequently, the assignment of schools to a Sectional along with the state series pairings will be made by the IHSA based on the results of those seeds.

VIII. TOURNAMENT RULES**A. Rules of Play:**

The National Federation Soccer Rules are adopted as the official rules of play for the 2005-2006 series of tournaments with the following provisions:

1) Each game in the tournament series will be played in two forty-minute halves.

2) Games which are suspended prior to the end of the first half because of conditions which make it impossible to play (darkness, weather, etc.) shall be continued from the point of interruption at the next available playing time; that is, a delay may be called or a game may be suspended until the following day (except Sunday).

3) During Regional quarterfinals, semifinals, finals and during Sectional preliminary, quarterfinals, semifinals and for class AA Sectional finals after the first half has ended, if play cannot be continued because of conditions such as darkness, weather, etc., the game shall be terminated unless tied. If the game is tied and cannot be continued, the game shall be considered suspended and must be continued from the point of interruption at the next available playing time (except Sunday). Once the game has begun, the game officials are solely responsible for the decision.

4) If a Class A Sectional Final game or a Class AA Super-Sectional game is suspended due to conditions that make it impossible to play, the game will be rescheduled for the next day from point of suspension or if mutually agreed upon by both head coaches the game may be considered final. If the game cannot be played or completed by the Thursday night prior to the State Quarterfinals, the team with the lead will be declared the winner. If the teams are tied and the game cannot be completed then a coin toss shall determine which team will qualify for the State Finals.

5) No coach or other school official shall, during the progress of a game, be allowed on the field of play except by permission of the game officials.

6) The captain and the head coach shall be the official spokesmen and the sole representatives of their team in all communications with the officials.

B. Resolution of Tie Games:

The overtime used in the Illinois High School Association tournament series shall be as follows:

Play the regulation game and, if a tie exists;

a) Play two (2) ten-minute sudden victory overtime periods (four in the State Final championship game only), and if a tie still exists.

b) A coin toss occurs before: the first Overtime; the first 5 kicks and the second set of 5 kicks. The visiting captain shall call the toss.

c) Each coach shall select five (5) players from the team roster to take tie-breaker kicks. The team winning the coin toss shall have the choice of shooting first or second. The goalkeeper for each team shall be any eligible team member determined by the coach. The teams will then each take five (5) tie-breaker kicks, alternating kickers. The team scoring on the greater number of these five (5) kicks shall be the winner.

d) If the score is still tied, a series of sudden victory tie-breaker kicks shall be taken. Each team shall designate five (5) different players to kick. Players shall kick alternately. If the first kicker from Team A scores and the first kicker from Team B does not score, the game is ended and Team A is the winner. If both first kickers score, the second kickers from each team take tie-breaker kicks and, if one scores but the other does not, the game is ended and the team of the scoring kicker is the winner. This process shall be repeated through as many as five (5) kickers for each team until there is a winner.

e) If the score is still tied, each team shall designate five (5) different players who did not kick under "d" above to take sudden victory tie-breaker kicks. Then the process of "d" is repeated. If the score is still tied, after these five (5) kickers from each team have taken their kicks, the process of "d" shall be repeated again, with any eligible player from the roster permitted to kick. **Note:** In any sequence of either the regular or sudden victory tie-breaker kicks no player may kick more than once in each ten (10) kick series. However, a player may kick in each ten kick series so, for example, a player may kick three times in a tie-breaker series which is not resolved until the twenty-fourth (24th) tie-breaker kick.

f) Kicking Procedure for tie-breaker kicks in the tie-breaking system: Kicks taken for tie-breaking purposes will be taken according to the following procedure:

(1) The kicker and goalkeeper will take their positions in preparation for the kick without delay.

(2) When ready, the referee will sound a whistle.

(3) Both the goalkeeper and the kicker may move in any direction or manner when the whistle sounds.

(4) The kicker will be permitted only one touch on the ball in taking the kick.

C. Tournament Officials

1) Officials for all tournaments will be assigned through the IHSA Office.

Note: Information will be posted on the School Center no later than the Monday of the 1st round games.
